(the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to include an additional Market Maker monthly posting credit tier. The Exchange proposes to implement the fee change effective October 1, 2013.

The Exchange currently offers two Market Maker monthly posting credit tiers applicable to posted electronic Market Maker executions in Penny Pilot issues and SPY, as follows:

Tier	Qualification Basis (Average Electronic Executions Per Day)		Credit Applied to Posted Electronic Market Maker Executions in Penny Pilot Issues (except SPY)	Credit Applied to Posted Electronic Market Maker Executions in SPY
Base			(\$0.32)	(\$0.32)

Tier	Qualification Basis (Average Electronic Executions Per Day)		Credit Applied to Posted Electronic Market Maker Executions in Penny Pilot Issues (except SPY)	Credit Applied to Posted Electronic Market Maker Executions in SPY
Super Tier	80,000 Contracts from Market Maker Posted Orders in All Issues, or	200,000 Contracts Combined from all orders in Penny Pilot Issues, all account types, with at least 100,000 Contracts from Posted Orders in Penny Pilot Issues. ⁴	(\$0.37)	(\$0.39)

⁴ This calculation includes transaction volume from the Market Maker's affiliates.

The Exchange proposes to reduce the base credit from \$0.32 to \$0.28 for both Penny Pilot issues and SPY and create a new Select Tier that would offer a credit of \$0.32 for both Penny Pilot issues and SPY if the Market Maker has average electronic executions per day of 30,000 contracts from Market Maker posted orders in all issues. Credits for the Super Tier would remain the same. The resulting tiers and pricing would be as follows:

Tier	Qualification Basis (Average Electronic Executions Per Day)		Credit Applied to Posted Electronic Market Maker Executions in Penny Pilot Issues (except SPY)	Credit Applied to Posted Electronic Market Maker Executions in SPY
Base			(\$0.28)	(\$0.28)
Select Tier	30,000 Contracts from Market Maker Posted Orders in All Issues		(\$0.32)	(\$0.32)

Super Tier	80,000 Contracts from Market Maker Posted Orders in All Issues, or	200,000 Contracts Combined from all orders in Penny Pilot Issues, all account types, with at least 100,000 Contracts from Posted Orders in Penny Pilot Issues. ⁵	(\$0.37)	(\$0.39)
------------	---	---	----------	----------

The Exchange notes that the proposed change is not otherwise intended to address any other issues, and the Exchange is not aware of any problems that OTP Holders and OTP Firms, including Market Makers, would have in complying with the proposed change.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,⁷ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other

charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that the proposed change is reasonable because reducing the base Market Maker monthly posting credit and adding a new Select Tier would encourage Market Makers to post greater volumes in all issues, including non-Penny Pilot issues, in order to qualify for the Select Tier credit of \$0.32. The proposed change is also reasonable because it is designed to attract higher volumes of Market Maker posted orders to the Exchange, which would benefit all market participants by offering greater price discovery, increased transparency, and an increased opportunity to trade on the Exchange. Encouraging Market Makers to send higher volumes of orders to the Exchange would also contribute to the Exchange's depth of book as well as to the top of book liquidity. The Exchange also believes that the proposed credits are reasonable because they are within a range of similar credits available on other option exchanges.⁸

The Exchange believes that the proposed change is equitable and not unfairly discriminatory because it would apply to all Market Makers on an equal and non-discriminatory basis. The Exchange further believes that the proposed change is equitable and not unfairly discriminatory because it is reasonably related to the value to the Exchange's market quality associated with higher volumes in Market Maker posted orders, including both Penny Pilot issues and non-Penny Pilot issues. The proposed lower credit for Market Makers in the base tier is reasonable and equitable because it would reasonably ensure that the Exchange will derive sufficient revenue to continue to fund the higher credits available under the Select Tier and Super Tier for the benefit of all market participants.

⁸ NASDAQ Options Market ("NOM") credits range from -\$0.25 to -\$0.40. Topaz Exchange, LLC ("Topaz") credits range from -0.30 to -\$0.39.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁹ the Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, the Exchange believes that the proposed change would continue to encourage competition, including by attracting additional liquidity to the Exchange, which would continue to make the Exchange a more competitive venue for, among other things, order execution and price discovery. The Exchange does not believe that the proposed change will impair the ability of Market Makers or competing order execution venues to maintain their competitive standing in the financial markets.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

⁹ 15 U.S.C. 78f(b)(8).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁰ of the Act and subparagraph (f)(2) of Rule 19b-4¹¹ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹² of the Act to determine whether the proposed rule change should be approved or disapproved.
